No. 9268 Dated 11-3-09 Received 16.3.09

Diary No. 5798 | Enclos. | Spare Copies | Serial No. 1

BRIEF ABSTRACT OF LETTER.

Recommends the promotion of 4 Asst Veterinary Inspectors from Rs 30 to Rs 40 and the raising of the status of the Inspector of Cattle Diseases to that of the Superintendent from the beginning of July next.

NOTES AND ORDERS.

The Rev: Commr states as regards the Asst: Veterinary Inspectors that they have, in addition to their Hospital or Dispensary work, to attend to the veterinary requirements of the whole Dist & move throughout the Dist as requisitions come in and have thus very hard work

work table, That they are all reported to be giving satisfaction in the discharge of their duties. He further states that as this is about the period of formation of the Dept and as qualified candidates are few, men now entertained deserve some consideration.

2. As regards The Inspector of Cattle Diseases. The Rev: Coomar States that with the growing work and importance of the Veterinary Dept. There has been a gradual increase in his responsibility and that with a view to enable him to command sufficient respect from his subordinates ~~asss~~ and the public and also to correspond on fair terms with Officers of other Depts his status deserves to be raised.

3 Of the Asst Inspectors recommended for promotion K.N. Sreenivasa Iyengar & K. Krishna Iyengar were appointed on 23-12-07, ~~on~~ B.V. Venkatachari on 21-1-08 and it is not known when R.M. Patankar was appointed.

Mr Narasimha Iyengar was appointed as Inspector of Cattle Diseases on a pay of Rs 150-15-200 by G.O. No. 6212-7/Agri 38-05-3 dt 22-3-06.

The present proposal would give these young men a much higher pay immediately than that which they would get under the progressive scale. The case is not one in which it is proposed to start men in a higher class on account of their special qualifications. 24 I find from the Madras Civil estimates for 1908-9 that there are in that Presidency 30 Veterinary assistants on Rs 30-4-50. These men must be similar to the men we have got. In the estimates for 1907-8 there were 15 men on Rs 30/- each. So our rate does not compare unfavorably with the Madras rates as the Rev. Commᵗʳ would wish to make out.

What are their qualifns?

25 In the Bombay estimates I can only find 6 Inspectrs under the Glanders & Farcy act & they draw pay from Rs 60 to Rs 120/- a mnth. No other vety. subordinates are traceable. Most likely in Bombay, as in Bengal, Vety. Assistants are paid by the local or Dist Boards & hence their pay does not appear in the estimates. In Bengal the Dist Board Vety Assistants (passed pupils of the Vety College) draw pay from Rs 25/- to Rs 50/- & the rates in Bombay are probably similar.

Extract from the Proceedings of the 241st Meeting of the Council of His Highness the Maharaja, held at Mysore on the 15th, 16th & 17th December 1909

XI. Subject.-(Clause X of Schedule).

The Revenue Commissioner's recommendation to promote certain Assistant Veterinary Inspectors from the 3rd to the 2nd grade, and to raise the status of the Inspector of Cattle Diseases to that of Superintendent already approved by Government but objected to by the Financial Department.

OPINION.

As there are not a sufficient number of recruits for the Veterinary department an inducement is necessary to encourage newcomers to enter the service, and the Council therefore adheres to the opinion expressed by it on the 6th September 1909 recommending the acceptance of the Revenue Commissioner's proposals regarding the promotion of the Assistant Veterinary Inspectors referred to.

The proposal to raise the status of the Inspector of Cattle Diseases to that of Superintendent may lie over for the present.

Submitted to His Highness.

In his letter No.9268 dated 11th March 1909, the Revenue Commissioner recommended that the marginally noted Assistant Veterinary Inspectors may be promoted from the third to the second grade on Rs.40 with effect from 1st July 1909 and that the Cattle Diseases Inspector Mr. N. Narasimha Iyengar may be promoted as Veterinary Superintendent and given the scale of pay (Rs.150-25-300) fixed in Government Order No.R.1727-37/Agri.38-05-22 dated 4th September 1907.

3. R.M. Patankar
4. B.V. Venkata Chari.

2. As the Veterinary Scheme in the State was sanctioned in September 1907, it was considered premature to accede to the Revenue Commissioner's recommendations. But he was asked to furnish Government with a statement of qualifications, service &c., of Assistant Veterinary Inspectors recommended for promotion.

3. In furnishing the particulars, the Revenue Commissioner pointed out that the scale of Rs.30-2-40 for the Assistant Veterinary Inspectors was intended

to be brought into operation when the full number of hospitals was opened and a sufficiently large number of qualified Veterinarians were available for duty in the Department, that these officials have obtained Diplomas in Veterinary Medicine and Surgery, that the scale of pay here was low when compared to similar offices in Madras and Bombay and that, owing to paucity of qualified men, the promotion proposed should not be considered premature or inappropriate.

4. The proposal was considered in Council on the 6th September 1909, and the Councillors were of opinion that for reasons mentioned by the Revenue Commissioner, the four Assistant Veterinary Inspectors referred to may be promoted to the second grade on Rs.40 with effect in each case from the completion of two years' service in the third grade on Rs.30. As the Council Resolution was in contravention to the views expressed by the Finance Department in their note dated 3rd April 1909, the papers were forwarded to the Financial Secretary for remarks, if any. On a comparison of scale of pay for Veterinary officers fixed in Madras and Bombay, Mr. Chakravarti considered that it is too early to think of promoting these men wholesale from Rs.30 to Rs.40. The Council reconsid-

ed

20

reconsidered the whole question with reference to the Financial Secretary's remarks and it feels necessary to adhere to the opinion expressed on 6th September 1909.

5. I consider that as there are not a sufficient number of recruits for the Veterinary Department, an inducement is necessary to encourage qualified new comers to enter the service and to keep those whom we have already got. In this view, I would recommend the acceptance of the Revenue Commissioner's recommendation in regard to the Assistant Veterinary Inspectors.

6. The opinion of the Council about postponing the proposal to raise the status of the Inspector of Cattle Diseases may be approved.

SIR,

I have the honour to state that the first batch of Assistant Veterinary Inspectors entertained since the organization of the Department are all reported to be giving satisfaction in the discharge of their duties. They have in addition to their hospital or dispensary work, to attend to the Veterinary requirements of the whole District, moving throughout the District as requisitions come and have thus very hard work to do.

Further when proposing the alteration in the scale of pay of Assistant Veterinary Inspectors (Vide my letter No 78-25 dated 15th/28th January 1908 and the memo accompanying it) I had already represented that "owing to the paucity of qualified men it was difficult to find capable men willing to start on Rs 30/- and that

that therefore Government may empower me to start them in any of the three grades according to their experience and qualifications, of course not exceeding the total number provided for each grade. Of the five men appointed last year, one Ranganna was started on Rs 50+20 as he was drawing the same pay in the Amritmahal Department. The other four men have been drawing Rs 30/- during the past one year and I think that they have by their arduous work earned their promotion to next higher grade. I need hardly add that as this is but the period of formation of the Department, and as qualified candidates are few, men now entertained deserve some consideration. As the number of qualified candidates increase and after the full complement of our Cadre is made up, promotion from one grade to another will depend naturally on the Vacancies in each grade. I would accordingly recommend that the marginally noted Assistant Veterinary Inspectors may be promoted from the 3rd to the 2nd grade on Rs 40/- from the beginning of July next.

2. I would also recommend in this connection that the designation of Mr. N. considering the gradual increase in his responsibility with the growing work and importance of the Civil Veterinary Department, his status deserves to be thus raised, especially as this will enable him to command sufficient respect from the subordinates of the Veterinary Department as well as the public and to correspond (which he has often to do) on fair terms with officers of other Departments ~~Districts~~ in and out of the State. As Mr. Narasinha Iyengar is at present drawing Rs 185 and as he will earn his last increment of Rs 15 at the beginning of next official year he may be started on Rs 200/- in the Superintendents' grade (150-25-300) from the beginning of July next.

General & Revenue Departments.

SIR,

As called for in para 2 of Government Order No.R.8752/Agri 198-08-2 dated the 21st April 1909, I have the honor to submit the accompanying statement, furnished by the Inspector of Cattle Diseases, showing the qualifications of the five Assistant Veterinary Inspectors referred to, when they were entertained in servi and where they are now working. It will be seen that all of them have obtained Diplomas in Veterinary Medicine and Surgery. The pay of a Veterinary Assistant in charge of a Hospital or Dispens in the Madras Presidency is Rs.50-5-75, and in Bombay it ranges from Rs.50 to 100, as may be seen from the enclosures to the Cattle Disease Inspector's letter submitted in original for information and kind return. Further, in both the Presidencies, he is generally provided with free quarters. The scale of Rs.30-2- for the Assistant Veterinary Inspectors pay as originally fixed in the scheme for the orgamisation of the Mysore Civil Veterinar Department was intended to be brought into operation when the fu number of hospitals is opened and a sufficiently large number of qualified Veterinarians is available for duty in the Department At present, there is a paucity of qualified men and the work devolving on the few Assistant Veterinary Inspectors in the Depar ment is of a difficult and arduous nature and often these offic have to look to the requirements of a whole district. Under th circumstances, the promotion proposed by me for the four Assist

Forwarding letter from Inspector of Cattle Diseases in Mysore, recommending Asst. Veterinary Inspectors for promotion.

Caxton Press, Bangalore,—2000-2-

Letter No.141 dated 4th September 1909 from the Inspector of Cattle Diseases in Mysore to the Revenue Commissioner in Mysore.

I have the honor to bring to your notice that the marginally noted Assistant Veterinary Inspectors were recommend-ed twice to Govern-ment for an increase of pay and Government have not been pleased to sanction it . All of them have shown as could be seen from last year's report, sufficient zeal and energy in popularis-ing modern methods of preventive and curative treatment. Their pay when compared with the duties performed and the responsibilites entrusted with, is much smaller than what is drawn by Veterinary Assistants in Madras and Bombay Presidencies where it is 50-5-75 and 50-5-100 respectively in addition to some house-rent or free-quarter. Besides the travelling allowance as drawn at present (2 annas a mile) is insufficient as they have to pay 2½ annas a mile in Malnad tracts where epidemics prevail frequently. Under these circumstances I beg that you will again move the matter before Government.
